THE MESSAGE OF THE RECTOR of **THE WEST UNIVERSITY** of **TIMIȘOARA**

THROUGHOUT A HISTORY equally marked by moments of joy and challenges, our university has consistently performed the role with which it was endowed by its founders as the main knowledge centre of western Romania. In a world of mobilities where distances have been enormously compressed as a result of the development of fast means of transportation and new communication media, WUT stands out on the global educational market as a regional leader open to the international academic community, both from the perspective of scientific research and from that of study programs.

Today WUT offers an effervescent intellectual environment which stimulates individual achievements, teamwork and interdisciplinarity both to those who

want to provide knowledge, innovate or perform in the field of research and artistic creativity and to those who are looking forward to joining our bachelor's, master's, doctoral or postdoctoral programs. According to the WUT charter, the advanced scientific research, and education are the components of our university's mission.

I welcome you to the West University of Timișoara if you want to be part of our project and I invite you to join our effort to consolidate an institution which guides itself by the mission statement:

INTEGRITY, DYNAMISM AND ACADEMIC VISION!

Rector,

Professor Marilen Gabriel PIRTEA, Ph.D.

GENERAL INFORMATION

ABOUT **ROMANIA**

1. ROMANIA - FACTS and FIGURES
2. ROMANIAN PERSONALITIES - ARTS and CULTURE
3. ROMANIAN PERSONALITIES - SCIENCE and TECHNOLOGY
4. ROMANIAN PERSONALITIES - SPORTS

ROMANIA

FACTS and FIGURES

LOCATION:

- Eastern Europe, bordered by Ukraine (N and E), Republic of Moldova (NE), the Black Sea (SE), Bulgaria (S), Serbia (SW) and Hungary (NW);

AREA:

- 237.500 sq. km (land: 230,340 sq. km and water: 7.160 sq. km);

CLIMATE:

- Temperate continental (cold, cloudy winters with snow and fog; sunny hot summers with showers and sometimes thunderstorms);

NATIONAL HOLIDAY:

- Unification Day (of Romania and Transylvania): December 1st (1918);

OFFICIAL LANGUAGE:

- Romanian;

POPULATION:

- 21,528,627 (as of January 2009);

ETHNIC GROUPS:

- Romanians 89.5%, Hungarians 6.6%, Roma 2.5%, Ukrainians 0.3%, Germans 0.3%, Russians 0.2%, Turks 0.2%, other 0.4% (2002 census);

LITERACY:

- Male: 99.1%; female: 97.7% (2003 estimate);

INDUSTRIES:

- Textiles and footwear, light machinery and auto assembly, mining, timber, construction materials, metallurgy, chemicals, food processing, petroleum refining;

CURRENCY:

- RON; called “leu” (1 € \approx 4.5 RON);

FOREIGN LANGUAGES:

- The main foreign languages used in Romania are English, French and German;

STANDARD TIME:

- Eastern European Time (EET) (GMT + 2 hours);

WEIGHTS AND MEASURES:

- The metric system (since 1866);

VISA:

- Foreign visitors need a valid passport and, depending on the country of citizenship, a visa (obtainable at Romanian diplomatic and consular offices as well as at the frontier, including airports). Multiple entry visas are also available for frequent travelers to Romania. There is a nominal fee to be paid to get the visa. Romania joined the EU on January 1st, 2007.

ROMANIAN PERSONALITIES

ARTS and CULTURE

Constantin Brâncuși (centre) with the poet Tristan Tzara

ARTS:

- Theodor AMAN - modern artist and founder of the School of Fine Arts in Bucharest;
- Ion ANDREESCU - painter;
- Constantin BRÂNCUȘI - sculptor, pioneer of the abstract art;
- Nicolae GRIGORESCU - painter;
- Paul NEAGU - sculptor, innovator in art;
- Ștefan LUCHIAN - painter, famous for his landscapes and still life works;
- Nicolae TONITZA - painter, engraver, lithographer, journalist and art critic.

ARCHITECTURE:

- Horia CREANGĂ - modernism;
- Ioan MINCU - Romanian style architecture;
- Alexandru ORAȘCU - neoclassicism.

LETTERS AND PHILOSOPHY:

- Emil CIORAN - philosopher and essayist;
- Mircea ELIADE - world authority on the history of religions;
- Marcel IANCU - visual artist, architect and art theorist, co-inventor of the DADA movement;
- Eugen IONESCO - dramatist, one of the foremost playwrights of the Theatre of the Absurd;
- Herta MÜLLER - winner of the Nobel Prize for Literature (2009), former student of the West University of Timișoara;
- Virgil NEMOIANU - essayist, literary critic, philosopher of culture.
- Constantin NOICA - philosopher and essayist;
- Tristan TZARA - poet, founder of DADA movement.

MUSIC:

- Sergiu CELIBIDACHE - conductor of Berlin Philharmonic (1945-1952), Stockholm Radio Orchestra (1962-1972), Stuttgart Orchestra (1972-1977), Munich Philharmonic (1979-1996);
- George ENESCU - composer and one of the greatest performers of his time;
- Ciprian PORUMBESCU - composer;
- Gheorghe ZAMFIR - musician, (check the Kill Bill soundtrack).

DANCE:

- Sergiu ANGHEL - choreographer, director, scenarist;
- Alina COJOCARU - ballerina;
- Bela LUGOSI - actor, the famous Dracula;
- Eugenia POPESCU-JUDEȚ - ballerina, dance teacher, choreographer, manuscript specialist;
- Johnny WEISSMULLER - actor, Hollywood's original Tarzan.

George Enescu painted by Corneliu Baba,
painting in the collection of the Art Museum of Timișoara

ROMANIAN PERSONALITIES

SCIENCE and TECHNOLOGY

INVENTORS:

- Petrache POENARU - inventor of the world's first fountain pen.

TECHNOLOGY:

- Henri COANDĂ - builder of the world's first jet powered aircraft;
- Traian VUIA - inventor of the first self-propelling heavier-than-air aircraft (1906);
- Aurel VLAICU - engineer, inventor, airplane constructor and early pilot;
- Spiru HARET - mathematician, astrologer and pedagogue; he made a fundamental contribution to the n-body problem in celestial mechanics by proving that using a third degree approximation for the disturbing forces implies instability of the major axes of the orbits, and by introducing the concept of secular perturbations in relation to this;
- Anghel SALIGNY - engineer; built the first silos of reinforced concrete, in the world.

IT:

- George CONSTANTINESCU - engineer, inventor; he founded the Theory of Sonics, based on which he developed a number of applications including a synchronization gear;
- Ștefan ODOBLEJA - philosopher, doctor, writer; one of the fathers of cybernetics; he established many of the major themes of cybernetics regarding cybernetics and systems thinking ten years before the work of Norbert Wiener was published in 1948.

MEDICINE:

- Ana ASLAN - inventor of Gerovital, an anti-aging product widely used by famous personalities, such as Charles de Gaulle, John F. Kennedy, Indira Gandhi, Charlie Chaplin or Salvador Dalí.
- Carol DAVILA - doctor, pharmacist; he invented the Davila tincture used for the treatment of cholera
- Nicolae PĂULESCU - discoverer of insulin (1922)

A postcard of Vuia and his 1907 airplane Vuia II

BIOLOGY:

- Adrian BEJAN - mechanical engineer; inventor of the constructal theory of generation of design in nature;
- George Emil PALADE - doctor, discoverer of the ribosomes; the first Romanian to win the Nobel Prize;
- Emil RACOVIȚĂ - biologist, speologist, the founder of biospeleology

CHEMISTRY:

- Lazăr EDELEANU - the first chemist to synthesize amphetamine;
- Mircea SABĂU - Romanian-American physicist specialized in Nuclear Medicine renowned for his contributions to medical imaging and neutron studies.

PHYSICS:

- Horia HULUBEI - the first physicist in the world to obtain X-ray spectra in gases.

ROMANIAN PERSONALITIES

SPORTS

Nadia Comăneci at the Summer Olympic Games in Montreal, Canada, on 18 July 1976

GYMNASTICS:

- Nadia COMĂNECI - the world-famous gymnast from Romania, being accredited as the greatest gymnast of the 20th century; the first gymnast to be awarded a perfect score of 10;
- Simona AMÂNAR - a Romanian former gymnast, seven-time Olympic medalist and ten-time world medalist;
- Maria OLARU - retired Olympic artistic gymnast from Romania. She is an Olympic, World, and European gold medalist in a team;
- Marius Daniel URZICĂ - Olympic champion, three-time world champion and three-time European champion on pommel horse;
- Octavian Ioan Atanase BELLU - head of the Romanian national women's artistic gymnastics team. Highly successful, Bellu led the team to five World and two Olympic titles.

TENNIS:

- Ilie NĂSTASE - former professional tennis player, one of the world's top players of the 1970, being the world no 1 tennis player in 1972 and 1973 .He was inducted into the International Tennis Hall of Fame in 1991
- Ion ȚIRIAC - professional tennis player, was elected in 2013 into the International Tennis Hall of Fame
- Virginia RUZICI - former professional tennis player from Romania. She is perhaps most notable for winning the 1978 French Open singles championship
- Simona HALEP - Romanian professional tennis player who is currently ranked world No. 3 (World top 10 Romanian professional tennis playe)

FOOTBALL:

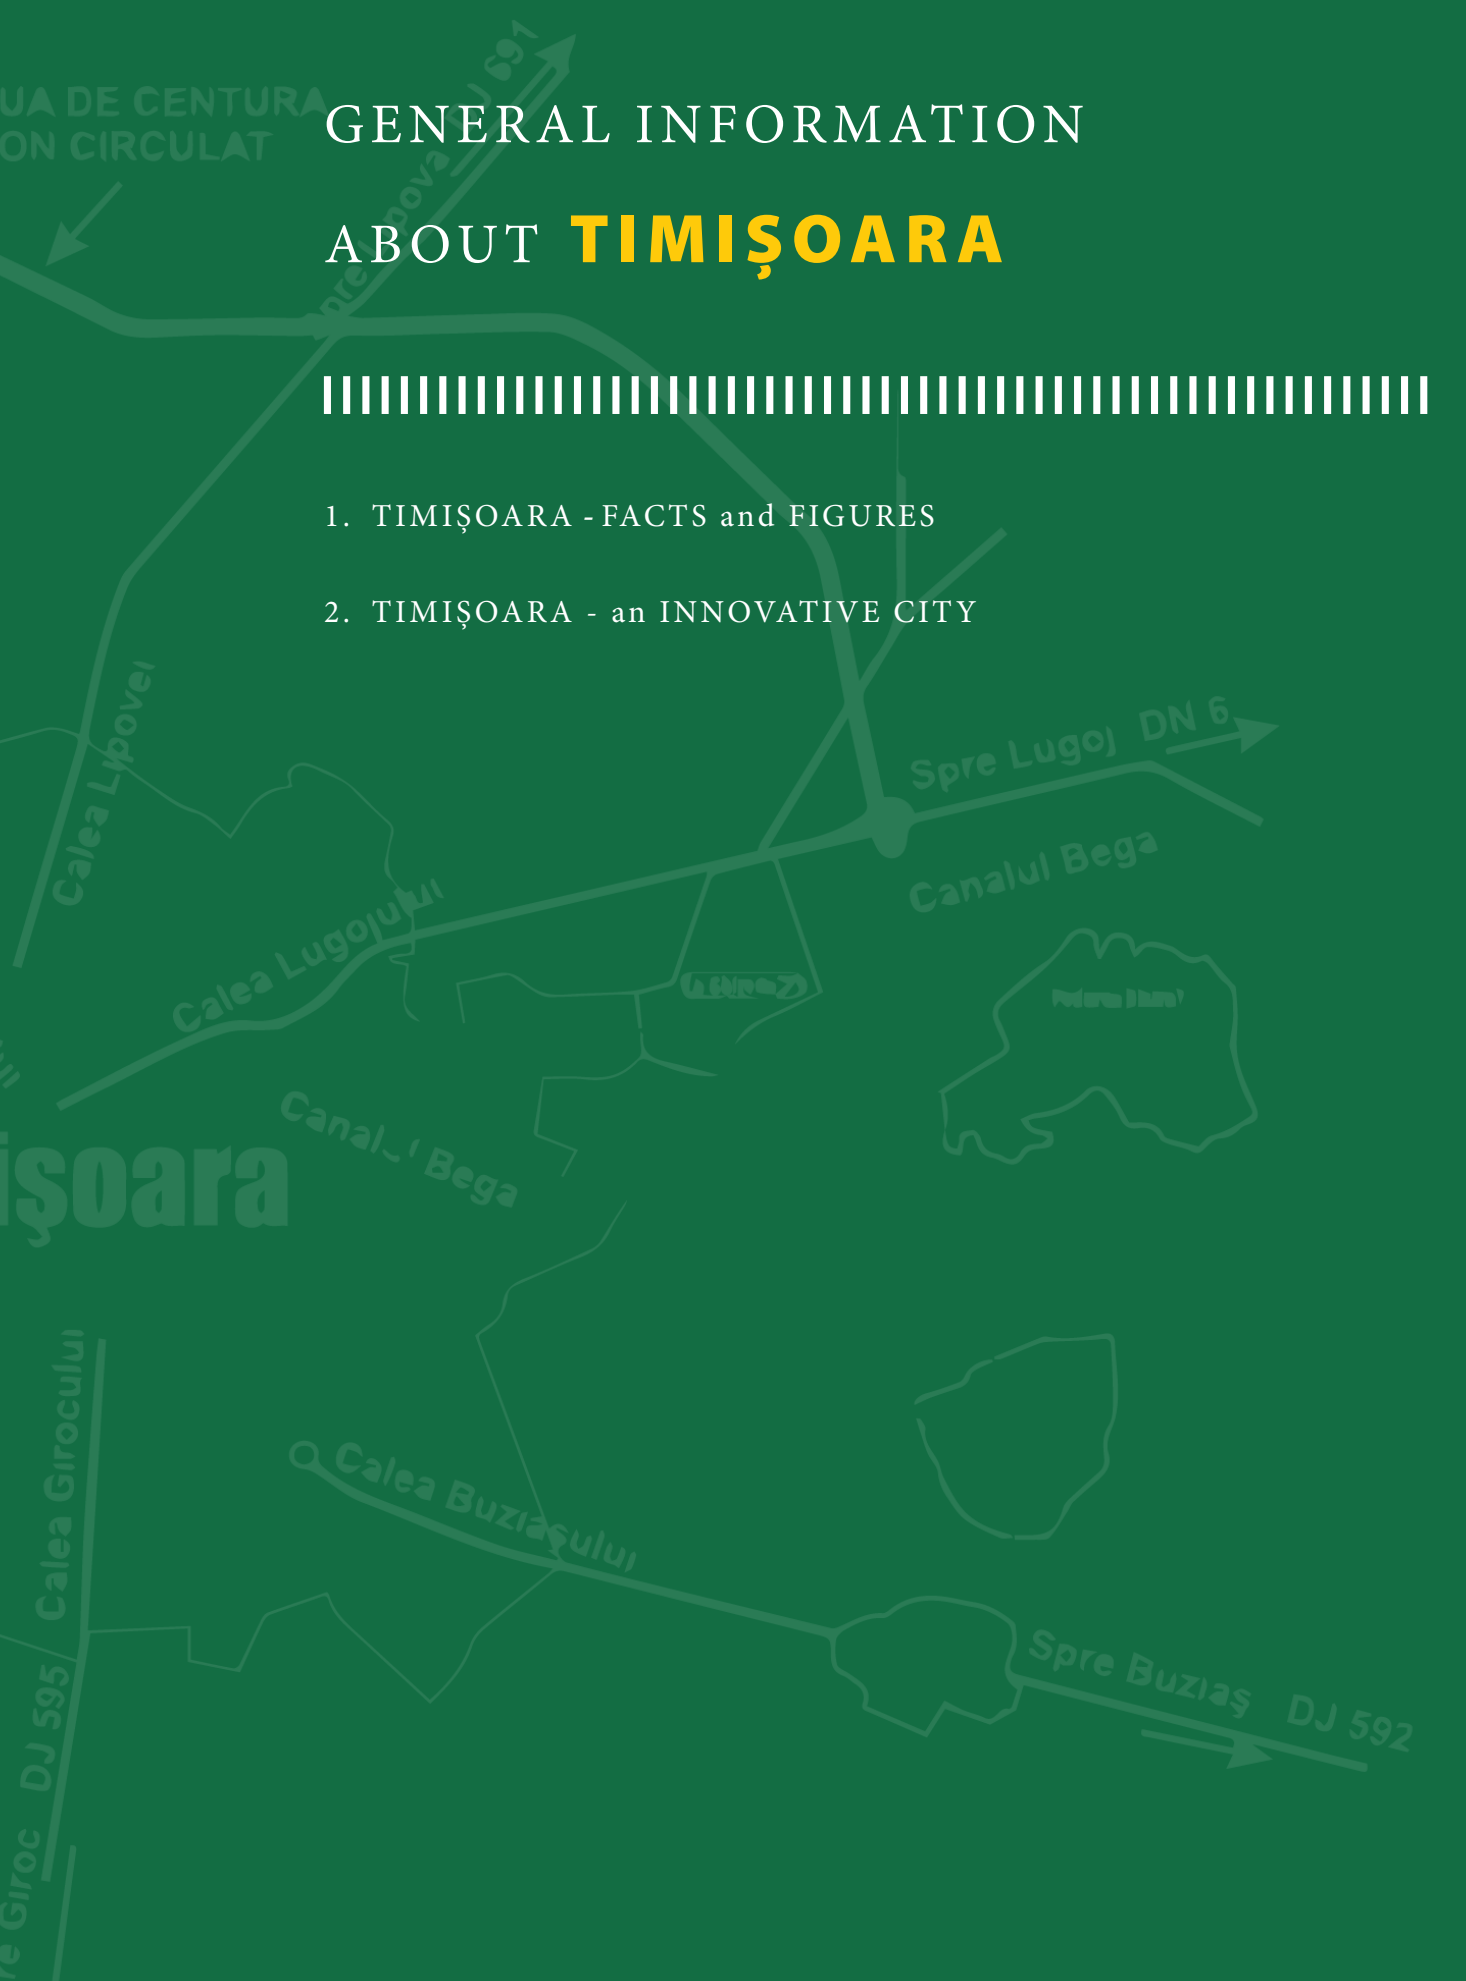

- Gheorghe HAGI - famous Romanian football player
- László BÖLÖNI - Romanian football manager and former player. One of the all-time greatest Romanian midfielders, Bölöni was a box-to-box midfielder well known for his passing range, hard working nature and powerful shot from distance
- Miodrag BELODEDICI - retired footballer who spent the majority career with Steaua București (ten seasons), winning the European Cup with that team and Red Star Belgrade, thus becoming the first player to win the trophy with two different clubs
- Marius LĂCĂTUȘ - He was the first player to score in the penalty shoot-out of the 1986 European Cup final against FC Barcelona, won by Steaua
- Mircea LUCESCU - former footballer and present manager. He is currently a manager of Ukrainian Premier League side Shakhtar Donetsk with whom he won the UEFA Cup 2008–09

ATHLETICS:

- Gabriela SZABO - retired Romanian runner. She competed in the 1500 m and 5000 m events at the 1996 and 2000 Olympics, and won a gold, a silver and a bronze medal
- Iolanda BALAȘ - former Romanian athlete, Olympic champion and world record holder in high jump

BOXING:

- Mihai LEU - Boxer
- Lucian BUTE - former IBF super middleweight champion and former #1 super middleweight in the world by The Ring
- Leonard Dorin DOROFTEI - former boxer and WBA Lightweight World Champion
- Francisc VAȘTAG - was the first Romanian boxer to win the supreme belt in his category

GENERAL INFORMATION

ABOUT **TIMIȘOARA**

- 1. TIMIȘOARA - FACTS and FIGURES
- 2. TIMIȘOARA - an INNOVATIVE CITY

TIMIȘOARA

FACTS and FIGURES

Timișoara, the fourth largest city in Romania, has the charm of a small town and the opportunities of a big city.

Situated in the western part of the country, Timișoara is the capital of Timiș County, which borders Serbia and Hungary. About 350,000 people make their home in the Timișoara area.

SHORT HISTORY

IT IS BELIEVED THAT ancient Dacian and Roman settlements existed in this region, but Timișoara was first mentioned in a document of 1212, the "Diploma" of the Hungarian King Andrew II. Since 1342 it has been referred to as a town;

The city has had a turbulent history, being the last rampart against the Turks, who conquered it in 1552, ruling until 1716, when it was conquered by the Austrian armies under the command of Prince Eugene of Savoy;

During the 19th century, Timișoara underwent important industrial development. It was the first European city to introduce electrical street lighting in 1884. Later that decade, in 1899, electric trams also appeared. Through continuous progress, Timișoara has emerged as a modern industrial city;

In 1989, Timișoara was the first city to rise against the communist regime, a revolution that soon spread to other cities and led to important political changes in the country;

At present, the economy of Timișoara is based on the principles of market economy.

CULTURE

TIMIȘOARA has a number of outstanding monuments and buildings: the Orthodox Cathedral, the Roman Catholic Dome, the Huniade Castle, the Statue of “St. Nepomuk”, the Old Town Hall, the “Bastion” (the rampart of the old city), the “Dicasterial” Palace and the Union Square. Due to these architectural masterpieces, Timișoara is also known as “Little Vienna”;

Timișoara is the only European city that features three public theatres in three different languages (Romanian, German and Hungarian) and an Opera, in the same historical building. There are many art galleries in the city.

PEOPLE

TIMIȘOARA is a multicultural city where many others nationalities live side by side with the Romanians: Germans, Hungarians, Serbs, Jews, etc. The city is permeated with a spirit of ethnic and religious tolerance. To meet the needs of this cosmopolitan environment, schools provide education in several languages: Romanian, English, French, German, Hungarian and Serbian;

ENVIRONMENT

TIMIȘOARA features numerous parks and gardens, and therefore it has often been called “the city of flowers”. Because of the temperate climate, recreational outdoor activities take place all year round. Facilities for winter sports are also available within a short distance from the city.

The city is an important academic centre where students may chose from the courses of four public universities: the West University of Timișoara, the Polytechnic University, the University of Medicine and Pharmacy and the “Banat” University of Agricultural Sciences;

Timișoara is a modern cosmopolitan city with strives for: *unity in diversity*. We are diverse, but united in the goal of accomplishing the major ideals of welfare, progress and understanding.

TIMIȘOARA

an INNOVATIVE CITY

HISTORICAL INNOVATIONS

- **1365** the first coat of arms in medieval Hungary is bestowed upon the city by royal decree;
- **1718** the first beer factory in today Romania;
- **1718** first elementary school in today Romania;
- **1728** works on the Bega river began, making it the first waterway in Romania;
- **1745** the first public hospital is built in Romania (24 years before Vienna and 34 years before Budapest);
- **1753** third city of the Habsbourg Empire with a permanent theater season (after Vienna and Budapest);
- **1760** first city of the Austro-Hungarian Empire with street oil lamps;
- **1771** publication of Temeswarer Nachrichten – the first newspaper in Romania and the first German-language newspaper in the south-eastern part of Europe.
- **1815** the first public library in the Eastern part of the Habsbourg Empire;
- **1819** the first inoculation against smallpox in Central Europe;
- **1823** the first non-Euclidean geometry foundation in the world (established by Janos Bolyai);
- **1847** the first concert Johann Strauss II performed outside Vienna (in the yard of the beer factory of Timișoara);
- **1852** the first telegraphic line in Romania (Timișoara -Vienna);
- **1855** the first city in Romania with public gas lighting;
- **1867** the first city in Romania with horse-drawn trams;
- **1869** the first city in Romania to use waterways;
- **1884** the first city in Europe with electric street lighting;
- **1886** the first “Ambulance” service in Romania;
- **1895** the first city with asphalt pavement in Romania;
- **1899** the first city with electric trams in Romania;
- **1902** the first football match played in Romania.
- **1921** Dura – the first street lamp factory in Romania;
- **1928** FC Ripensia – the first professional football club in Romania;
- **1938** the first track welding machine in the world, invented by Professor Corneliu Miclos ;
- **1953** the only European town with three state theatres in three languages: Romanian, Hungarian and German;
- **1961** the first Romanian electronic computer (created by the Polytechnic Institute of Timișoara);
- **1969** the first encyclopedic treatise on functional equations in the world (created by Professor Mihail Ghermănescu);
- **1989** the first free city in Romania, upon the collapse of the communist dictatorship;

- **1992** the first laparoscopic surgery in gynecology and the first breast plastic surgery (by Professor Ioan Munteanu in collaboration with the Gynecologic Clinic of Heidelberg);
- **1993** the first total hysterectomy by laparoscopy (by Professor Ioan Munteanu in collaboration with the Clinic of Kiel);
- **1995** the first in vitro fertilization and transfer of human embryo made in Romania; the opening of the first Center of Laparoscopy, laparoscopic surgery and in vitro fertilization;
- **1996** birth of Romania's first baby conceived by in vitro fertilization, the first embryo transfer to a surrogate mother (performed by professor Ioan Munteanu's team);
- **2000** the first Romanian city to put forward a social and economic development strategy (a project of the City Hall of Timișoara);
- **2001** the first Romanian city with an info-stand network (a project of the City Hall of Timișoara);
- **2001** the first public audience in Romania (organised by the City Council of Timișoara);
- **2002** the first Romanian city to adopt online tax payment;
- **2002** the City Hall Monitor – the first newsletter published by a city hall and handed out free of charge to the citizens;
- **2003** the first Romanian city to broadcast the meetings of the city council online;

Victory Square - Opera

- **2003** the first transplantation of hematopoietic stem cells for the regeneration of the cardiac muscle on a patient who suffered a myocardial infarction (the first intervention of this kind in Eastern Europe, performed by dr. Ștefan Drăgulescu's team);
- **2011** The Association "Timișoara – European Capital of Culture", founded in order to prepare and support the Municipality's application for the title of the European Capital of Culture in 2021;
- **2013** JAZZ™ First Edition: a jazz festival that could be one of the most important cultural events in this part of Europe, as the joint effort to achieve the title of European Capital of Culture 2021;
- **2015** WUT is the first University from Romania that founded a permanent establishment in Brussels, where grants for major research projects and education are funded;

WEST UNIVERSITY OF TIMIȘOARA

SEVEN DECADES of EXCELLENCE

in EDUCATION and ADVANCED RESEARCH

AFTER SEVENTY YEARS of existence, West University of Timișoara is today a bastion of higher education in Romania, the largest university in western Europe, totalling 15,000 students in 11 faculties.

The West University of Timișoara, with its very wide range of fields and specializations - from vocational areas (art, music, theater, sport), social (sociology, psychology, political sciences), economic, philological to science (mathematics, informatics, physics, chemistry) looms large on the global education market as a regional leader with significant connections to the international academic community both in terms of scientific research and study programs.

OUR UNIVERSITY has ongoing relationships with over 200 universities worldwide. In these partnerships, hundreds of students and teachers are taking training courses, master classes, preparing a PhD and participating in postdoctoral programs abroad.

International recognition is reflected in WUT'S more than 90 bilateral agreements with major universities around the world. WUT has its well-deserved place in numerous rank tops based on high standards both in education and in research.

ACADEMIC CONSORTIUM UNIVERSITARIA

THE AIM of the Consortium is cooperation between the partner universities in order to bring research and teaching to higher standards, thus contributing to the enhancement of their national and international prestige. It also works towards improving the laws that govern higher education, leveling study programs and the standards imposed on them and setting a uniform background for university qualifications and academic titles.

The Consortium may establish relationships with local and national authorities, private and state-owned institutions and companies and the society at large in order to carry on joint projects to the benefit of both parties.

HISTORY:

- 1996: Founding of the Universitaria Academic Consortium aiming to bring together Romania's most important academic institutions;
- 2009: The charter of the Consortium is signed;

CONSORTIUM MISSION:

- Academic autonomy;
- Interuniversity mobility for students and teachers;

FACULTY of **ARTS** and **DESIGN**

MOTTO:

"The word written or spoken doesn't seem to play any role in my mind. The fundamental elements of my psychological life are well determined signs and the more or less clear images can be reproduced and combined freely."

(Albert Einstein)

THE ACADEMIC PROCESS at the Faculty of Arts and Design is one by which students gradually go through all the stages of artistic development in the contemporary context.

They begin by acquiring knowledge of the fundamental problems of arts and continue with more complex issues, specific to each department. In parallel with going deeper into specific, narrower

topics, students have the opportunity of trying out alternative educational processes for the complex development of their artistic personality.

Plastic arts influence any human project of representing reality according to one's spiritual aspirations, and, at the same time, increase one's awareness of the diversity and the dimension of "visual beauty".

DEPARTMENTS:

- DESIGN AND APPLIED ARTS
- VISUAL ARTS

FACULTY

of **CHEMISTRY, BIOLOGY, GEOGRAPHY**

MOTTO:

“Non scholae, sed vitae discimus”

THE FACULTY of Chemistry, Biology and Geography is a faculty with an inter and trans-disciplinary character, which includes specialists in three scientific fields: Chemistry, Biology, Geography.

The presence in a single faculty of three scientific fields offers the students high quality education characterized by flexibility and interdisciplinarity, aiming at solid didactic training or at successful future careers in scientific domains.

As part of training or research activities, our students and collaborators frequently meet partners from abroad (Universities of Bremen, Angers, Sorbonne-Paris Gdansk, Wageningen, Tubingen, Gottingen, Pisa etc), who constantly support our teaching and research programmes by means of numerous scholarships for students and teachers. We are looking forward to cooperating with you under various forms: as students, visiting professors or partners in our research projects.

DEPARTMENTS:

FACULTY of **ECONOMICS** and **BUSINESS ADMINISTRATION**

MOTTO:

“Quemadmodum vivas, quamdiu vivas”

(Seneca)

EVER SINCE 1967, the Faculty of Economics has been the most prestigious institution of high and continuing education in economic sciences in the Western part of Romania.

We train elite specialists who are very much appreciated in our country and abroad. Through continuous education and training, we broaden the horizon of professional knowledge of all our graduate

students and specialists, as well as of other citizens. Through our academic research, we are involved in local development and in European integration, and we play a significant role in the transfer of knowledge within and from our faculty to national and international companies and local authorities. Due to our high quality standards, we are promoters of national and European values.

FACULTY of **LETTERS, HISTORY** and **THEOLOGY**

MOTTO:

“Vita sine litteris mors est” (Cato)

THE FACULTY of Letters, History and Theology is one of the four top faculties of this type in Romania. It has partnership relationships with 23 similar faculties in Europe and offers scholarships for BA, MA and PhD students, as well as mobility grants for teachers through the Socrates programme. Our Faculty provides a stimulating environment not only

for teacher training, but also for a future career in research, business or international relations.

Our academic staff enjoys international recognition, our labs are well-equipped and our teaching methods are modern. Interdisciplinarity and multiculturalism characterize the Faculty of Letters, History and Theology.

DEPARTMENTS:

FACULTY of **MUSIC** and **THEATRE**

MOTTO:

"The music raises you into the world of universal ideas"

(George Balan)

THE MISSION of the Faculty of Music is equally cultural, scientific and formative. Through its highly qualified teachers and through its attractive curricular offer, the faculty trains specialists not only in the fields of musical and theatre interpretation and creation, but also in the fields of research and didactics.

DEPARTMENTS:

- ACTING
- MUSIC

FACULTY MANAGEMENT:

FACULTY of **PHYSICAL EDUCATION** and **SPORT**

MOTTO:

“There is nothing which exhausts and ruins more a man than the lack of physical activity” (Aristotel)

THE FACULTY of Physical Education and Sport, founded on the 1st of October 1960, is one of the oldest and the most renowned faculties in our country. At present, the teaching staff, the facilities of the faculty, the numerous relations of cooperation and partnership with similar institutions in Romania

and abroad offer our students favourable conditions for training in the field of physical education and sport, a field which is very attractive and promising, taking into account the European and international tendencies to promote physical education and sport as essential factors for health maintenance and recovery.

DEPARTMENTS:

- KINETOTHERAPY AND SPECIAL MOTOR SKILLS
- PHYSICAL AND SPORT EDUCATION

FACULTY MANAGEMENT:

- Dean: Assoc. Prof. Adrian Constantin NAGEL, Ph.D.
- Vice-dean: Assoc. Prof. Mihaela ORAVIȚAN, Ph.D.

COUNCIL
FOR **DOCTORAL STUDIES (CSUD)**

1. COUNCIL for DOCTORAL STUDIES (CSUD)

COUNCIL FOR **DOCTORAL STUDIES (CSUD)**

MOTTO:

“Research is to see what everybody else has seen, and to think what nobody else has thought about.”

Albert Szent-Gyorgyi

THE GOAL of the Council for Doctoral Studies (CSUD) is to prepare the next generation of leading education researchers. We assign PhD students research-training opportunities and grants starting from their very first year in the program.

Doctoral Studies cover a plurality of scientific domains (19), which include specialists in different

scientific fields. They provide guidance in Romanian and international languages, such as English, French and German.

Doctoral Studies at the West University of Timișoara address undergraduate students who want to take full advantage of scientific research.

FIELDS OF DOCTORAL STUDIES:

- Accounting
- Art History and Theory
- Chemistry
- Economics
- Finance
- Geography
- History
- Informatics
- Law
- Management
- Marketing
- Mathematics
- Philology
- Philosophy
- Physics
- Political Sciences
- Psychology
- Sociology

THE CAREER COUNSELLING CENTRE

MOTTO:

*“The International platform for young people
to discover and develop their potential.”*

ASSUMING the responsibility of one's own professional future, the experience of choosing the career one wants, the courage to accept challenges, integrity and self-confidence are the aspects due to which we have created CDC. We want to discover these qualities in every young person and, in this way, to contribute to Romania's transformation.

The relationship CDC- academic environment is one of the context – content. The university provides every student with the necessary content and the technical resources to have a career in the domain they have already chosen.

CDC's vocation is to create the context for a successful career for every student. The context actually refers to the vision they have on life, environment, money, relationships, future. We achieve this thing by offering students different models, businessmen and personalities in different domains, both Romanians and foreigners, fso that they can see and understand the perspectives and the attitude of a successful person.

Our projects involving with the business environment, public institutions, nongovernmental organizations, contribute to best familiarizing youth with a variety of career options so that they can chose what best suits their personality. This is how we contribute to creating a young generations who, by the steps they take, the jobs they get and the business they set up, can contribute to the economic growth of the country and to the well-being of all people around them.

ART ON

ASSOCIATION

WE ARE ART ON, a group of students who graduated from the West University of Timișoara, Faculty of Arts and Design. Our goal is to bring something new in the artistic cultural life of Timișoara. We like innovative, professional, mental and experimental things, which we want to promote.

We intend to organize cultural events in which:

- to bring together young artists whose message deserves to be made public;
- to create a relaxing cultural environment in which we openly talk about the current topics in the world of arts;
- to inform students about the various opportunities of promoting their work;

We are open to anyone who shares our ideas and invite you to take part in the cultural events that will follow.

BESSARABIA STUDENTS' ORGANIZATION (OSB)

BESSARABIA Student Organization (OSB) is an NGO, non-profit and non-political body. It was established on 3 May 2001, following the natural impulse of Bessarabian students to promote the Romanian academic environment and generate interplay between the cultural specificity of Bessarabia and Romania.

Its mission is to promote the rights of young students from Bessarabia who are studying in

Romania and their education in national, democratic and pro-European spirit.

Promoting and protecting the interests of young Romanians in Bessarabia who come to study in Timișoara, and ensuring their education in the spirit of cultural unity are the principles based on which OSB was founded.

CENTER FOR ACADEMIC ACHIEVEMENT (CENTRE DE RÉUSSITE UNIVERSITAIRE - CRU) TIMIȘOARA

CRU is part of a European network that includes 25 achievement centers opened in ten Central and Eastern European countries, with the common goal of promoting francophone activities at local and regional level, with a special focus on university and academic life.

The center is financed by l'Agence Universitaire de la Francophonie (AUF) and managed by the host university, being an open space for both students and academics. CRU is equipped with high-end technology and has the capacity to host seminars,

courses, conferences and videoconferences, as well as other activities.

At West University of Timișoara, the Center for University Achievement (CRU) was inaugurated in april 2013 and since then it is in strong collaboration with the French Institute in Timisoara, the French Lectorat at WUT, part of the Faculty of Letters, History and Theology and offers support to francophone student associations.

ESN – Erasmus Student Network is one of the biggest students' associations in Europe, present in more than 390 universities in 36 countries, which safeguards the interests of international students. ESN's aim is to enhance the educational and social integration of international students and to represent their rights and needs at a local, national and international level. ESN also promotes study abroad opportunities and takes care of the reintegration of the students who return to their home country after an educational experience abroad.

ESN Timișoara is a section of Erasmus Student Network in charge of the Erasmus and international students in the city of Timișoara. The section got recognised by ESN Romania at national level in December 2011 and, at an international level, by ESN International in January 2012. The activities of the

section are currently carried on by its 20 active members who work on a volunteering basis.

The members of ESN Timișoara do not have any financial benefits from their activity in the section and do this job out of their pleasure to help international students and contribute to an intercultural dialogue between these and the local community.

The board is the decision body of the ESN section, the one who leads the group of volunteers and manages the activities of the section. The ESN Timișoara board members take care of organising activities for the international students in the city and for the ex Erasmus Romanian students, their main aim being to contribute to the social (re)integration of the two groups.

TIMIȘOARA BRANCH ROMANIA UN YOUTH ASSOCIATION

MOTTO:

"Open your mind, improve our world!"

THE BIGGEST project of UNYouth Timișoara is Timișoara Model United Nations (TMUN), reaching now its 5th edition. Since the purpose of the Model UN is to provide an interactive educational experience that teaches in an interesting and enjoyable way about the United Nations, TMUN conference affords participants an understanding of how the process of international debate and negotiation that we commonly call diplomacy functions. The simulation of the diplomatic processes are especially important in this post-Cold War period when the world is quickly becoming more interdependent. In this interdependent world, Model UN makes for informed

global students who not only understand the decisions their nation makes but also how those changes effect politics nationally, regionally, and globally. The value of the Model UN experience for a student is based on what benefits a student can gain from participation. Many different kinds of talents can be developed by participation in Model UN conferences - including such skills as teamwork, expository and persuasive writing, debating, and negotiation that are important for personal development and future success. Other projects include:

WUT FOUNDATION

THE WUT Foundation was created in December 2012 as an active support for educational, research, and social responsibility projects of WUT.

The main purpose of the Foundation is “to promote the values of culture, science and civilization by creating a public-private partnership involving the WUT alumni, cultural and scientific personalities, and national and foreign social and economic area representatives.”

The Foundation intends to carry on several activities with a beneficial impact on the WUT community:

- to organize congresses, conferences, workshops and summer schools;
- to support the research programs of young WUT academics;
- to provide financial and logistic support for students to organize certain social, cultural, scientific, sports and artistic events;
- to support certain revitalizing projects targeting strategic WUT academic areas, by funding specific activities;
- to finance social and entertainment activities for WUT employees (access to swimming pools, theatre and opera tickets etc.);
- to provide support in order to attain the goal of the foundation: “to promote the values of culture, science, and civilization”.

WEST UNIVERSITY PRESS

ACADEMICALLY oriented, the West University Press (Editura Universității de Vest - EUV), is one of the most important university publishing houses in Romania. It was founded in 2001 in order to contribute to raising the prestige of the West University of Timișoara. EUV places a particular emphasis on the scientific value of its books, which are meant to add to Romanian and international scholarship. It sets out to bring to market authors who have the potential for becoming landmarks in both academic and professional communities, in whatever research fields they might represent.

In order to ensure content quality, EUV selects its books by a rigorous peer-review process. The General Catalogue of the West University Press includes

over 600 titles, covering a wide range of study and research fields: Anthropology, Ethnology, Philology, Philosophy, Physics, Mathematics, Psychology, Sociology, Cultural Studies, Communication Sciences, Educational Sciences, Economic Sciences, Political Sciences, Theology, Translation Studies.

The books published by EUV address the needs of BA, MA and PhD students, researchers, academics and professionals in the socio-economic environment. In their pages, they will all encounter various aspects of scientific and cultural, national and international life. Every single title published by EUV contains up-to-date information, significant and necessary for the - initial or continuous - professional training of our readership.

BIBLIOTECA
CENTRALA
UNIVERSITARA
"Eugen Iordănescu"

"EUGEN TODORAN"

CENTRAL UNIVERSITY LIBRARY

THE UNIVERSITY Library of Timișoara was established on December 30th, 1944 by a royal decree signed by King Michael I. At first, collections consisted of books and journals of mathematics and physics, but after 1956, when the Faculty of Letters was founded, the Library got an encyclopedic character and grew richer and richer.

In 1992, the University Library of Timișoara became the Central University Library, an institution of national interest, having legal personality and being independent from the university, identical to the Central University Libraries of Bucharest, Iași and Cluj. The new status enabled it to become one of the most modern and best equipped academic libraries of Romania.

Since February 8th, 2000, the Central University Library of Timișoara has been officially bearing the name of "Eugen Todoran", the rector of the University who supported it to become the Central University Library.

On October 1st, 2008, the extension building of the Library was inaugurated. It is a modern

edifice, with large comfortable reading rooms, in which collections are displayed on open shelves and organized by study subjects. In the same year, the Library implemented the RFID system (Radio Frequency Identification) in an integrated solution with ALEPH 500. This system allows protection of the publications, their retrieval and their location on the right shelf, their check out and check in by self-check.

Along with the Central University Libraries of Bucharest, Iași and Cluj, "Eugen Todoran" Central University Library of Timișoara is a scientific and cultural institution of national interest, having a clear mission and a definite role of setting up, organizing, processing, developing and preserving collections of books, periodicals, articles, electronic publications, as well as of creating the information environment necessary for the promotion of educational and research activities, strengthening the part that books play in the scientific and cultural life of the academic milieu.

A gate opened towards knowledge!

MANSARDA

GALLERY

MANSARDA Gallery - located at Oituz street No. 4, within the Faculty of Arts and Design, West University of Timișoara, has lately become one of the well-known exhibition spaces of Timișoara. Through the diversity of cultural events it hosts, the gallery is renewed and remodels with each of the events organized here, the location itself being fascinating by its unusual architecture.

Whether festivals, personal or group exhibitions, conferences, symposia or workshops - national

or international - the Faculty of Arts and Design is happy to bring together in this space both renowned artists and students of contemporary art. From this perspective, the gallery becomes a didactic exercise in which artists in training - students - have the opportunity to meet both their generation representatives from other universities in the country and abroad and current visual artists.

Each exhibition project widens knowledge and gives access to the world to artists and art lovers alike.
